

SATCOM

CONNECTIVITY WITHOUT COMPROMISE

Your World-Class Partner

Put TSS Solutions' expertise and experience to work for you

TSS Solutions, an Acorn Company, is a professional defense electronics engineering and manufacturing business that specializes in upgrading, reengineering, repairing, and operating ground-based tactical and fixed-position Radar and SATCOM systems. We serve the global defense, telecommunications, and commercial industries.

Since 1991, TSS Solutions has built its global reputation by fusing innovation and evolution, incorporating technological advancements into legacy systems that were developed by the world's leading aerospace and defense brands. TSS Solutions' innovation is supported by our full-service in-house Depot operations.

Headquartered on Florida's Space Coast, TSS Solutions is uniquely positioned to deliver the optimal mix of:

- Low cost of acquisition
- Fast delivery
- Service life extension
- Global maintenance and operations

TSS Solutions' Global Footprint

TSS Solutions has decades of success in engineering, modernizing, installing, maintaining, testing, and commissioning more than 1,000 worldwide earth stations, antennas, and electronics.

Built to Perform

TSS Solutions delivers reliable SATCOM:
uninterrupted voice, video, and data for fixed sites and tactical edge missions

NEPTUNE Maritime Terminal

Right-sized maritime SATCOM for defense and security. Resilient, reliable comms without excess cost or complexity.

- Integrated MESH networking for distributed fleet coordination
- 45cm stabilized antenna: high-throughput Ku-band in rough seas and on-the-move
- ITU-R compliant for naval, Coast Guard, anti-piracy, and disaster ops
- Essential features focused: mission-critical performance, no unnecessary overhead
- Fast deployment and integration with existing gateways, TT&C, IDR/SSOG/ESOG

Program Delivery and Control

Working with TSS Solutions' SATCOM experts ensures that your project is done right, on time, and on budget.

- Full lifecycle oversight from design to field operations
- Strict budget and schedule enforcement
- Built-in risk mitigation and clear reporting

Installation and Sustainment Services

TSS Solutions' turnkey support keeps links live and missions on track and in focus.

- Site prep, full integration, rigorous testing, commissioning
- Operator training, ongoing maintenance and ops support
- Cut-overs, SSOG/ESOG compliance, multi-vendor hookups
- Antennas and mounts: VSAT to 24m, full/limited motion, C/Ku/Ka/S/X bands
