## Telecommunication Support Services, Inc Is Now TSS Solutions

MELBOURNE, Fla. – Telecommunication Support Services, Inc. (TSS, Inc), an Acorn Growth Company, announces its name change to TSS Solutions. The new name is effective immediately and will be implemented across the company's products and services. The company's headquarters will remain in Melbourne, Florida.

"For more than 25 years, TSS Solutions has supported a broad range of technical services for satellite, wireless, radar and broadband systems suppliers," said Don DiFrisco, president of TSS Solutions. "The name change signals a targeted focus on innovating and modernizing ground-based radar and satellite communication technologies to support customer needs and requirements around the world."

TSS Solutions is a defense electronics engineering and manufacturing-focused company, continually innovating technology advancements and improvements to radar and SATCOM systems originally developed by some of the most powerful aerospace and defense brands in the world. TSS Solutions' technical capabilities and engineering expertise are supported by a full-service, in-house depot operation. As owners of several radar systems, and providers of systems for lease, TSS Solutions is uniquely positioned to provide state-of-the-art technology capabilities at the optimal mix of low cost of acquisition and leasing, fast delivery, service-life extension, and ongoing maintenance and operations support services where it is needed, when it is needed, globally.

"Customers, suppliers, and partners will continue to experience the same high-quality products, services, and support that they experience today," DiFrisco said. "Our targeted focus on innovating and modernizing ground-based radar and satellite communication technologies will allow us to meet the growing needs of our customers and new customers as the need for radar and satellite communications continues to evolve and grow."
